Bachelor of Science (B. S.) in Organizational Leadership

The program of study leading to the Bachelor of Science in Organizational Leadership is designed as a degree completion program to prepare students for leadership in the church and the world by way of studies in the classical liberal arts, all interpreted through and integrated into a world and life view formed by biblical truth.

Students in the Bachelor of Science in Organizational Leadership program must complete a *Basileia* ("Kingdom") Mission (non-credit) for graduation, if they have not done so already in a diploma or associate degree program. Such projects might include missions trips, regular involvement in an approved ministry, internships, or participation in special evangelistic outreach efforts. Guidelines for completing the *Basileia* Mission requirement are available from the Registrar's Office.

Program Objectives
