

Scholarship Application

The Francis and Dorothy Peterson Memorial Scholarship

"I grew up with two thoughts implanted in my brain. The first one was to love the Lord and follow His leading, and the second one was that I was going to college. When I was a senior in high school, I was awarded a scholarship to any college I chose to attend. I was so surprised to have received anything that I opened a savings account and put the money in it. That money remained in that account until I went to college. What an encouragement it was! That \$200 is what got me through college. I am a strong believer in the student working their own way through college for a few reasons: (1) If the student doesn't study it is their own money that they waste; (2) It will encourage the student to do better, as it is their money they are spending; (3) I did it and so can everyone else ☺. The FD Memorial Scholarship Fund has been in my thoughts since my parents passed away in 2005 and 2006....My dad needed a new vehicle in 1972. I told him to buy a new one and he made a comment that went something like this: 'What if I have to help you through college?' I replied, 'My brothers did it on their own, so will I.'"
